

SEAM TIGHT

SAFETY DATA SHEET

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifierProduct name :Seam Tight Rubber Seam CompoundProduct form :Mixture

1.2. Relevant identified uses of the substance or mixture and uses advised against

1.3. Details of the supplier of the safety data sheet

EPDM COATINGS 494 Bridgeport Ave Suite 101-342 Shelton CT 06484 Phone : 855-281-0940

1.4. Emergency telephone number

Emergency number: 800-535-5053 (Infotrac)

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

GHS-US classification

Flam. Liq. 3	H226
Eye Irrit. 2A	H319
Skin Sens. 1	H317
Muta. 1B	H340
Carc. 1B	H350
STOT SE 3	H336
Asp. Tox. 1	H304

2.2. Label elements GHS-US labelling

Hazard pictograms (GHS-US)

Signal word (GHS-US) Hazard statements (GHS-US)

Danger

- : H226 Flammable liquid and vapour
- H304 May be fatal if swallo wed and enters airways
- H317 May cause an allergic skin reaction
- H319 Causes serious eye irritation
- H336 May cause drowsiness or dizziness
- H340 May cause genetic defects
- H350 May cause cancer

PAGE 2 OF 9

SEAM TIGHT | SAFETY DATA SHEET

Precautionary statements (GHS-US)

- : P201 Obtain special instructions before use
 - P202 Do not handle until all safety precautions have been read and understood
 - P210 Keep away from heat, hot surfaces, open flames, sparks. No smoking
 - P233 Keep container tightly closed
 - P240 Ground/bond container and receiving equipment
 - P241 Use explosion-proof electrical, lighting, ventilating equipment
 - P242 Use only non-sparking tools
 - P243 Take precautionary measures against static discharge
 - P261 Avoid breathing fume, vapours
 - P264 Wash clothing, hands, forearms and face thoroughly after handling
 - P271 Use only outdoors or in a well-ventilated area
 - P272 Contaminated work clothing must not be allowed out of the workplace
 - P280 Wear eye protection, face protection, protective gloves, protective clothing
 - P301+P310 IF SWALLOWED: Immediately call a poison center
 - P302+P352 If on skin: Wash with plenty of soap and water

P303+P361+P353 - IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower

P304+P340 - IF INHALED: Remove person to fresh air and keep comfortable for breathing P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing

P308+P313 - If exposed or concerned: Get medical advice/attention

P312 - Call a doctor if you feel unwell

P321 - Specific treatment (see first aid instructions on this label)

- P331 Do NOT induce vomiting
- P333+P313 If skin irritation or rash occurs: Get medical advice/attention
- P337+P313 If eye irritation persists: Get medical advice/attention
- P362+P364 Take off contaminated clothing and wash it before reuse
- P370+P378 In case of fire: Use carbon dioxide (CO2), dry sand, foam to extinguish
- P403+P233 Store in a well-ventilated place. Keep container tightly closed
- P403+P235 Store in a well-ventilated place. Keep cool
- P405 Store locked up

P501 - Dispose of contents/container to a licensed hazardous-waste disposal contractor or collection site except for empty clean containers which can be disposed of as non-hazardous waste

2.3. Other hazards

Other hazards not contributing to the classification.

: None under normal conditions

2.4. Unknown acute toxicity (GHS US)

No data available

SECTION 3: Composition/information on ingredients

3.1. Substance

Not applicable

3.2. Mixture

Name	Product identifier	%	
Petroleum distillates, hydrotreated light	(CAS No) 64742-47-8	15 - 30	
Solvent naphtha, petroleum, light aromatic	(CAS No) 64742-95-6	15 - 25	
Titanium dioxide	(CAS No) 13463-67-7	5 - 10	
Benzene, 1,2,4-trimethyl-	(CAS No) 95-63-6	6 - 9	
Nonane	(CAS No) 111-84-2	1-2	
Ceramic microspheres	(CAS No) 66402-68-4	5 -10	
Isobutyl alcohol	(CAS No) 78-83-1	0.13	
Bis(1,2,2,6,6-pentamethyl-4-piperidyl) sebacate	(CAS No) 41556-26-7	0.14	
Decanedioic acid, methyl 1,2,2,6,6-pentamethyl-4-piperidinyl ester	(CAS No) 82919-37-7	0.12	

SEAM TIGHT | SAFETY DATA SHEET

SECTION 4: First aid measures

4.1. Description of first aid measures

First-aid measures general	: IF exposed or concerned, get medical attention/advice. Show this safety data sheet to the doctor in attendance. Wash contaminated clothing before re-use. Never give anything to an unconscious person.
First-aid measures after inhalation	: IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing. Get medical attention. If breathing is difficult, supply oxygen. If breathing has stopped, give artificial respiration.
First-aid measures after skin contact	: IF ON SKIN (or clothing): Remove affected clothing and wash all exposed skin with water for at least 15 minutes. Get medical attention immediately.
First-aid measures after eye contact	: IF IN EYES: Immediately flush with plenty of water for at least 15 minutes. Remove contact lenses if present and easy to do so. Get medical attention immediately. Continue rinsing.
First-aid measures after ingestion	: IF SWALLOWED: rinse mouth thoroughly. Do not induce vomiting without advice from poison control center or medical professional. Get medical attention immediately.
4.2. Most important symptoms and	effects, both acute and delayed

Symptoms/injuries	: May cause cancer. May cause genetic defects. May be fatal if swallowed and enters airways.
	Causes serious eye irritation.
Symptoms/injuries after inhalation	: May cause irritation and damage to respiratory tissues. May cause drowsiness or dizziness.
Symptoms/injuries after skin contact	: May cause an allergic skin reaction.
Symptoms/injuries after eye contact	: Causes serious eye irritation.
Symptoms/injuries after ingestion	: May cause gastrointestinal irritation.
Chronic symptoms	: May cause cancer. May cause genetic defects.
Symptoms/injuries after skin contact Symptoms/injuries after eye contact Symptoms/injuries after ingestion	: May cause an allergic skin reaction. : Causes serious eye irritation. : May cause gastrointestinal irritation.

4.3. Indication of any immediate medical attention and special treatment needed

No additional information available

SECTION 5: Firefighting measures

5.1. **Extinguishing media**

Suitable extinguishing media Unsuitable extinguishing media	: Foam. Dry powder. Carbon dioxide. : Do not use a heavy water stream.
5.2. Special hazards arising from the subs	stance or mixture
Fire hazard	: This product is flammable.
Explosion hazard	: May create vapor/air explosion hazard in confined spaces.
Reactivity	: Flammable liquid and vapour.
5.3. Advice for firefighters	
Firefighting instructions	: Use water spray or fog for cooling exposed containers. Exercise caution when fighting any chemical fire. Do not dispose of fire-fighting water in the environment. Vapors are heavier than air and may travel long distances along the ground to an ignition source and flash back.
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

General measures

: Remove ignition sources. Keep upwind.

6.1.1. For non-emergency personnel

Protective equipment Emergency procedures : Wear Protective equipment as described in Section 8.

: Evacuate unnecessary personnel.

SEAM TIGHT | SAFETY DATA SHEET

SECTION 6: Accidental release measures

6.1.2. For emergency responders

Protective equipment

: Wear suitable protective clothing, gloves and eye or face protection. Approved supplied-air respirator, in case of emergency.

6.2. Environmental precautions

Prevent entry to sewers and public waters. Notify authorities if liquid enters sewers or public waters. Avoid release to the environment.

6.3. Methods and material for containment and cleaning up

For containment

Methods for cleaning up

: Contain any spills with dikes or absorbents to prevent migration and entry into sewers or streams.

- : Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. Place in a suitable container for disposal in accordance with the waste regulations (see Section 13).
- 6.4. Reference to other sections

No additional information available

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Precautions for safe handling

: Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Do not handle until all safety precautions have been read and understood. Handle in accordance with good industrial hygiene and safety procedures. Keep container closed when not in use. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

7.2. Conditions for safe storage, including any incompatibilities

Storage conditions

Store in dry, well-ventilated area. Keep container closed when not in use. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

SECTION 8: Exposure controls/personal protection

8.1. Control parameters

Petroleum distillates, hydrotreated light	t (64742-47-8)		
Remark (ACGIH)	OELs not established		
Remark (OSHA)	OELs not established

Decanedioic acid, methyl 1,2,2,6,6-pe	ntamethyl-4-piperidinyl ester (82919-37-7)			
Remark (ACGIH)	Remark (ACGIH) OELs not established			
Remark (OSHA)	OELs not established			

8.2. Exposure controls

Appropriate engineering controls

: Provide adequate general and local exhaust ventilation. Use process enclosures, local exhaust ventilation, or other engineering controls to control airborne levels below recommended exposure limits. Use explosion-proof equipment with flammable materials. Ensure adequate ventilation, especially in confined areas.

Personal protective equipment

ventilation, especially in confined areas. : Gloves. Protective goggles. Wear chemically impervious apron over labcoat and full coverage clothing. Insufficient ventilation: wear respiratory protection.

: Use gloves chemically resistant to this material when prolonged or repeated contact could occur. Gloves should be classified under Standard EN 374 or ASTM F1296. Suggested glove materials are: Neoprene, Nitrile/butadiene rubber, Polyethylene, Ethyl vinyl alcohol laminate, PVC or vinyl. Suitable gloves for this specific application can be recommended by the glove supplier. Change contaminated gloves immediately.

- : Wear eye protection, including chemical splash goggles and a face shield when possibility exists for eye contact due to spraying liquid or airborne particles.
- Wear long sleeves, and chemically impervious PPE/coveralls to minimize bodily exposure. Wear a NIOSH-approved (or equivalent) full-facepiece airline respirator in the positive pressure mode with emergency escape provisions. In case of inadequate ventilation or risk of inhalation of vapors, use suitable respiratory equipment with gas filter (type A2). Use a positive-pressure air-supplied respirator if there is any potential for an uncontrolled release, exposure levels are not known, or any other circumstances where air-purifying respirators may not provide adequate protection.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Physical state Color Odor Odor Threshold pH Relative evaporation rate (butylacetate=1) Melting point Freezing point Boiling point Flash point Auto-ignition temperature Decomposition temperature Flammability (solid, gas) Vapour pressure Relative vapour density at 20 °C : Liquid : No data available. : Slight hydrocarbon odor. : No data available : 154.4 - 178.3 °C (310-353 °F) : 38.3 - 39.4 °C (101-103°F) : 230 °C (450°F) : No data available : No data available : No data available : 2 mm Hg at 20°C (68°F) : Heavier than air

SECTION 12: Ecological information

12.1. Toxicity

Ecology - general

: Aquatic toxicity rating not determined. All possible measures should be taken to prevent release into the environment.

12.2. Persistence and degradability

SEAM TIGHT	
Persistence and degradability	Not established.

12.3. Bioaccumulative potential

No additional information available

12.4. Mobility in soil

No additional information available

12.5. Other adverse effects

No additional information available

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Waste treatment methods

: Do not discharge to public wastewater systems without permit of pollution control authorities.

Waste disposal recommendations

No discharge to surface waters is allowed without an NPDES permit. : Dispose in a safe manner in accordance with local/national regulations

SECTION 14: Transport information
